About the work environment

Lolland is a lovely place to live and work; a scenic island in southern Denmark, with lots of cultural offers and a rich club life in sports among other things. With only an hour and a half drive to Copenhagen, you can easily visit the capital whenever you want - and at the same time benefit from the much lower housing costs in Lolland. Our municipality is developing rapidly, not least because of the construction of the Fehmarnbelt link to Germany, along with a growing international community in Lolland.
